MUSIC THEORY COURSE

Be well prepared for your audition by attending our music theory course!

Do you play in a band or produce your own music and aspire to having a career in music? Do you need reliable help in preparing you for your audition for the Pop, Creative Artist, E-music or Associate degree course? Then our music theory course is exactly what you're looking for! Our course prepares you in time for the theory section of the audition.

Who is it for?

The music theory course is available for potential students who wish to apply for a course at Conservatorium Haarlem, but doubt whether they have the right skills and knowledge to pass the audition. It is also important to have the correct diploma to be able to follow a higher education course, or be about to obtain one.

Results

After completing this course, you will have insight into the level of your own knowledge and skills that are required to pass the theoretical section of the audition.

**You can apply by sending
an email to:
conservatorium@inholland.nl**
